

**To open a wholesale account:** Complete the wholesale registration form. If you are in the process of building a business and do not currently have the appropriate tax I.D. information, please indicate that when completing the application. Upon approval, you will be able to log in and access the wholesale section of our site.

**Minimums:** We specialize in servicing small businesses and individuals. We encourage women to start their own small businesses in order to reap the rewards of working for themselves. With this in mind, our opening wholesale minimum is \$200.00, and the re-order minimum is \$125.00.

**Payment forms we accept:** We accept VISA, MasterCard, Discover, Money Order and Company Checks. We do not accept American Express or personal checks. The full cost of the order will be charged before being processed. An estimated shipping and handling cost will be applied to the charge, so a smaller charge may appear on your card on the day that your order ships out.

**Turn-around time after an order is placed:** The turn-around time for a wholesale order under \$500.00 is generally 5 business days. For larger orders it can take 10-14 business days. Please do not place an order for a show or grand opening on a Wednesday if you need the product by that Sunday as our business can receive a rush of orders on any given day. We are a small company, and offer caring customer service, in depth product knowledge and support, to all of our customers, both retail and wholesale. Please keep this in mind, and plan in advance so your order can be processed properly.

**Shipping:** We currently use UPS for domestic mail. We do not use international economy or priority, since there is no insurance or tracking services provided.

**Shipping charges:** The charges on your invoice include both shipping and handling. Handling is the cost of labor required to fill and process your order including invoicing, charging, filling, and shipping. The handling charge depends upon the size of the order.
